

## HD SLIPPERS SRL

June 3, 2025

Subject: California Proposition 65

### **California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65)**

California Proposition 65 requires clear and reasonable warnings on products containing any of the chemicals known to cause cancer, birth defects or other reproductive harm. Some substances on the OEHHA managed list have established safe harbor levels, but not all. Therefore, this declaration is made without consideration of safe harbor levels, stating only if a substance on the Prop 65 list is contained or not contained.

To Whom It May Concern:

According with our suppliers of finished materials and raw materials, whether they are distributed by us or processed by turning, the product we supply may expose you to chemicals including carbon black (airborne and extracts), antimony trioxide, titanium dioxide, silica (crystalline), di(2-ethylhexyl)phthalate, ethylene thiourea, acrylonitrile, 1,3-butadiene, epichlorohydrin, toluene diisocyanate, tetrafluoroethylene, ethylbenzene, formaldehyde, furfuryl alcohol, glass fibers, methyl isobutyl ketone, nickel (metallic and compounds), lead and lead compounds which are known to the State of California to cause cancer; and to 1,3-butadiene, epichlorohydrin, di(2-ethylhexyl)phthalate, di-isodecyl phthalate, ethylene thiourea, methyl isobutyl ketone, methanol, toluene, lead and lead compounds which are known to the State of California to cause birth defects and other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

HD SLIPPERS products do not intentionally contain every chemical shown on our Prop 65 label, but various other products we manufacture or distribute may contain them, according to the original manufacturers, either intentionally or as residual trace contaminants. There is no practical way for us to test every shipment of every product for potential trace presence of the hundreds of chemicals listed in Prop 65 to prove that this does not happen.
